FELLOWSHIP HALL UPDATE

We are making great progress! New windows are installed. New electrical is in place. Walls are framed, and drywall is hung. Thank you to Paul Wetterling, our Facilities Director, and all of our CGLC volunteers who made the process of hanging drywall as smooth as possible.

The next phase will see the drywall finished and walls painted, a back-drop wall built, "black-out" shades, and ADA-compliant doors installed. Originally we were going to hold off on new carpet, but a generous donor came forward who wants to see us complete the room from top to bottom. What an amazing blessing! Carpet is now on the to-do list.

Like any construction project, we hit a few bumps which impacted our schedule. We are still working towards worshipping in the room for the first time on Kickoff Sunday. We have a few weeks to go and plan to be able to make it work, even if we have to finish some construction elements

in between Sundays of worship. One thing we know for sure is this will be a beautiful space to worship our living God for years to come.
