CONNECT

Have you ever had to ask a complete stranger for help? How did it go?
Share your story.

LEARN & APPLY

Share something that connected with you in the sermon.

Think of someone who has been a safe person for you. Then think of the qualities that made them that safe place-person and share those qualities with the group.

What is a safe place quality you would like God to give you an upgrade in this coming year?

What do you hear Jesus saying to you? How are you going to respond?

PRAY

"Heavenly Father, you gave your very best to love us at our very worst. Help us to step outside of our comfort zones to meet people in their brokenness with that same unconditional love. Empower us to speak your truth without condemnation and to show your kindness which leads to repentance. In Jesus' name, amen.
